## CONTINUED HOPE AND DEDICATION

To our valued supporters

As we begin a new financial year, I want to take a moment to express my heartfelt thanks for your incredible support throughout the past year. Your generosity and dedication have profoundly impacted the work we do at Cystic Fibrosis Australia.

Thanks to your unwavering commitment, we have been able to advance our mission and bring positive change to the lives of those affected by cystic fibrosis. Your donations, support, and advocacy have helped us improve quality care outcomes, administer groundbreaking research, and advocate for policies that create a brighter future for our community.

I am truly grateful for your trust and belief in our cause. Your contributions have enabled us to reach new milestones and accomplish significant achievements. Together, we have made a tangible difference in the lives of countless individuals, their families, and the future of cystic fibrosis.

The challenges we faced over the past year have only strengthened our resolve. We have witnessed firsthand the power of unity and compassion as we navigated uncertain times together. Your support has been the beacon that guided us through difficult moments, giving us the strength and motivation to keep pushing forward.

As we enter the new financial year, we are excited about the opportunities that lie ahead. There is certainly a lot more that we must do, and we will keep striving to get the best outcomes for everyone living with CF. With your continued support, we will build upon our achievements, expand our projects, and create an even greater impact. Together, we can make a lasting difference in the lives of those who need it most. No one is forgotten or will be left behind.

Once again, thank you for your incredible generosity, dedication, and belief in our mission. Your support is the foundation of our success, and we are truly grateful for your partnership. We look forward to continuing this journey together and creating a brighter future for all.

With the deepest gratitude,

Jo Armstrong
