ACT NOW – YOUR VOICE MATTERS

Dear CF Community

We're reaching out to remind you that there are less than two weeks remaining to submit your crucial comments for the upcoming Pharmaceutical Benefits Advisory Committee (PBAC) meeting, regarding the extension of Trikafta to patients aged 2-5 years. Time is of the essence.

Why Your Input Matters:

Your experiences, insights, and perspectives are invaluable in shaping the decisions surrounding treatment extensions. Your voice carries the weight of collective advocacy, contributing to positive outcomes for our community.

How to Submit Your Comments:

It's quick and easy! Simply follow the link below to share your thoughts and make a meaningful impact. Your comments will play a vital role in influencing decisions that directly affect the well-being of those with cystic fibrosis.

Deadline Reminder:

The deadline for submissions is approaching fast, and we need your input before the 31st of January. Don't miss this opportunity to be a part of the conversation and advocate for improved access to treatments for our community.

Act Now – Your Voice Matters:

Every comment counts, and your contribution can make a significant difference. If you would like more information on how to make an impactful submission, please follow the link below to a helpful tip sheet, created by the Patient Voice Initiative.

Act now to ensure your voice is heard in the extension process for Trikafta. Together, let's make strides toward a brighter future for everyone affected by cystic fibrosis.

Thank you for your unwavering support and dedication.

Warm regards,

Jo Armstrong
