SURVEY: ARE YOU PREGNANT OR PLANNING TO BECOME PREGNANT AND TAKING TRIKAFTA

Pregnancy and Trikafta Study

MONASH University

Are you pregnant or planning to become pregnant and taking Trikafta?

The Australian Cystic Fibrosis Data Registry (ACFDR) team at Monash University is conducting a study regarding pregnancy outcomes in women on Trikafta.

- Help us improve knowledge about safety of medicines in pregnancy.
- Complete short questionnaires from home via your laptop or mobile device.
- Provide information about the medicines you use in pregnancy and how pregnancy ends.
- Share your information directly with the ACFDR.

For more information or if you would like to be involved please contact: rasa.ruseckaite@monash.edu or 03 9903 0437
